Re: Transition of Sewer Service to Town of Lexington on February 1, 2018

Dear Carolina Water Service Customer:

As you may already know, on February 1, 2018, the Town of Lexington will take over service of all Carolina Water Service (CWS) sewer customers currently served by the I-20 Wastewater Treatment Facility.

As a CWS sewer customer, beginning February 1, 2018, you will be served by the Town of Lexington and your future sewer bills will come from them. Please note that the bill you receive from CWS in February will include prorated final sewer charges for service through January 31, 2018. If you are a CWS water customer, you will continue to be served by CWS for water. You will receive two separate bills – one from the Town for sewer and one from CWS for water.

We greatly appreciate the opportunity to provide sewer service to you through the years and have been working with the Town to make this service transition as smooth as possible. If you have any questions or concerns, please do not hesitate to call us at 1-800-367-4314. You may also contact the Town of Lexington if you have questions for them as your new sewer provider. They can be reached at 1-803-358-1581 or by email at I20Cusvc@lexsc.com.

Sincerely,
